2. SPIP9 PREPARATION

The purpose of SPIP9 was for the Pacific Island Parties (PIPs) to prepare for the RS8, especially for the PIPs to agree on their formal Statements for the RS8. As in previous sessions, the approach in the renegotiation was through the exchange of formal Statements between the PIPs and the United States (US).

In addition, PIPs used this opportunity to discuss any other internal matters for the implementation of the Treaty. In this meeting, PIPs had a preliminary discussion of a paper prepared by the Secretariat for the distribution of the Treaty funds of US\$60 million per annum for the next 10 years, starting in 2024 under the new Economic Assistance Agreement (EAA). More discussion was needed on this matter.

SPIP9 continued to meet on the margins of RS8 to consider the response to US Statements.

3. CO-CHAIRS OF RS8

As in past practice, the renegotiation was jointly chaired by the PIPs' Spokesperson and the US Head of delegation.

RS8 was jointly chaired by Mr Uati Tirikai of Kiribati as the FFC Chair and Mr Dave Hogan as the US Head of delegation.

Kiribati was also the lead Spokesperson for the PIPs, assisted by Mr Glen Joseph of the Marshall Islands (in-coming FFC Chair) and Mr. Netani Tavaga of Fiji (Previous FFC Chair) in accordance with current practice.
